

# Gabriela Balicas

Front-End Software Engineer | [gabriela-balicas.me](http://gabriela-balicas.me)

1336 Rhode Island St.  
San Francisco, CA 94107  
(850) 491-3665  
[balicas.gb@gmail.com](mailto:balicas.gb@gmail.com)

## RELEVANT EXPERIENCE

### **The Relish, San Francisco — Intern**

APRIL 2019 - MAY 2019

- Refactored React and Redux for performance and coherence. Increased speed of the view by 90%.
- Built CMS for categorization to enable content specialists to update content previously hard coded by engineers, reducing turnaround time for category updates down from several hours to a minute.
- Added jest test suites to increase coverage of the existing code base.

### **Alto Pharmacy, San Francisco — Patient Care Specialist**

OCTOBER 2017 - JANUARY 2019

- Provided summary of all care to individual physicians (teams of 5+) on a per patient basis to ensure the highest quality care and decision making and compatibility with the patient's insurance.
- Handled billing of insurance(s) to gain coverage for medications.
- Completed a blog project to highlight diversity within Alto. Published regular blogs featuring various members of our community.

## PROJECTS

### **Warbler — a twitter clone**

Built with Python, Flask, and PostgreSQL. Available [here](#). [Github](#).

### **MicroBlog — a fullstack app based off wordpress**

Built with Redux, React.js, and PostgreSQL. [Github](#).

### **Flower Puzzle — a spin on the classic "Light's Out"**

Built with React.js. Guaranteed winnable. Available [here](#). [Github](#).

## EDUCATION

### **Rithm School, San Francisco — Full Stack Web Dev.**

JANUARY 2019 - MAY 2019

Cohort 10 | 16 week, full-time Web Development bootcamp

### **Rice University, Houston — B.A. Sports Medicine**

AUGUST 2013 - MAY 2017

Duncan College | O'Week Diversity Coordinator | Teaching Assistant

## KEY TECHNICAL SKILLS

### ➤ LANGUAGES
